

# Ramayana Couplets

The multiple god held a meeting about who they feared  
They wanted to get rid of the demon who caused trouble  
every year.

The gods from heaven sent a hero down to Earth  
King Dasharata's son was named Rama, his first birth

The King has been given a son that would make Ravana  
be perished  
The hero will stop the demon and the demon will be  
finished

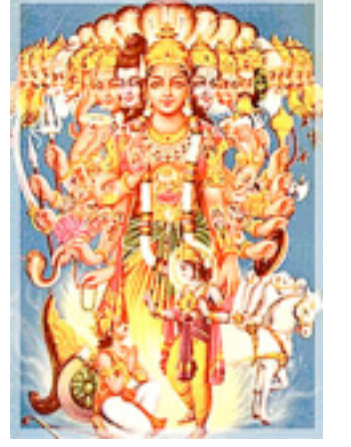

Queen Kaikeyi sends Rama into the forest for 14  
years.

Sita and Lakshmana follow Rama with tears.

After a few months after the forest King  
Dasharata dies  
Almost from everyone and his followers are only  
heard from cries.

Sita had seen a deer that was very unusual and it was  
maybe a risk  
So Rama went to kill the deer and it was actually a  
trick

Ravana and snatched Sita like a knife  
And Ravana catches Rama's wife

Rama receives help from the great Hanuman  
The monkey king and a brave man

Hanuman gathers his army to march to war  
The monkey king travels very far

The army now breaks out into war  
There is so much violence and gore

Rama takes out his bow and shot an arrow  
The arrow flew through a path that was narrow

Now that Ravana was dead everyone is happy  
Everyone had a party and made it snappy

Ravana now has really bad karma  
So Ravana did not follow his dharma

Now there is peace for the gods  
and now nothing seems unusually odd
